

# **Life Science**

**Dr. Melody Leung**

# Biology – Life Science

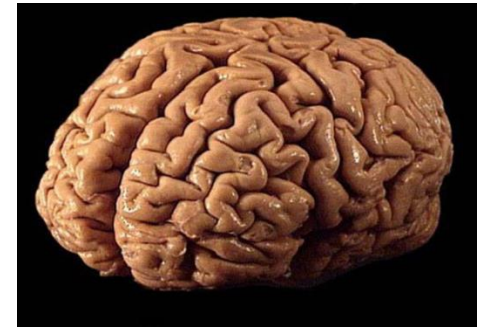

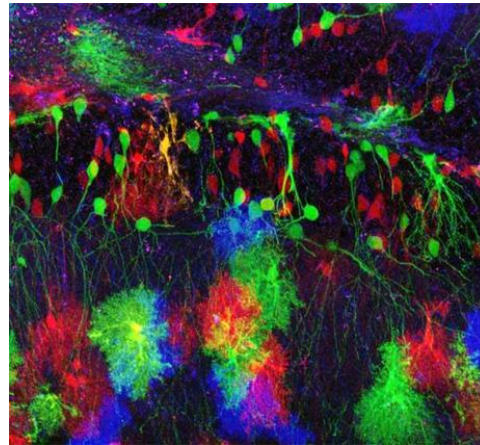

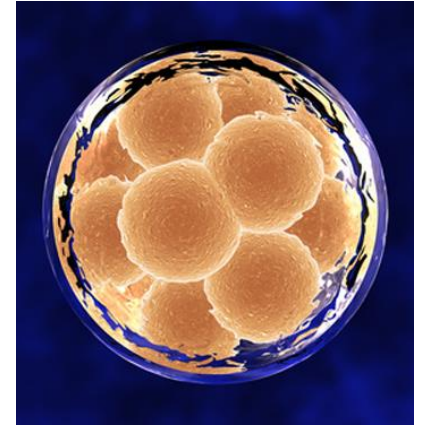

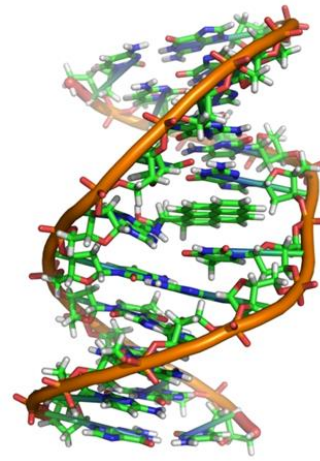

- BIO- : living things
- -OLOGY : the study of

**Biology - Study of Life  
in a Scientific way**

# Course Outline

- Biochemistry of Life
- Cells and Cell Structures
- Cellular processes, e.g.
  - Respiration
  - Photosynthesis
- Cell cycle
- Conservation
- Waste Management
- Human Anatomy
- Human Diseases

# Assignments & Assessments

- Group Presentation
- Worksheets (class activities)
- Class participation
- Final examination
